JUNIOR CLASS OFFICERS

President - Brooke Williams
Vice President - Renee Zuccherro
Secretary-Treasurer - Beth Johnson

Who are the most outgoing people in L.M.'s junior class? There are too many to name, according to Renee Zuccherro, the classes vice president. Their goal? "To have the best prom possible." To accomplish this, the class has gone through two major funding projects, selling M&M's and cookies. The purpose of these sales is to bring down costs per couple. Certain individuals have excelled in the sales area, but for the most part they act as a group, for the benefit of the whole Junior Class.

SOPHOMORE CLASS OFFICERS

President - Dave Van Osdol

Vice President - Katie Dietz

Secretary-Treasurer - Trent Warner

Katie Dietz says the goals for her class are to form better relationships between students and to work well together. Sophomores aren't currently involved in any big projects, but, when it comes to making decisions, they work best as a group. She thinks that the school's tenth graders are outgoing and their interests are many. Some are involved with band, art, sports, and student government, and others just enjoy being themselves.

The eighth grade class has been very active this year in several events. During the football season, we participated in an afterschool dance which began with a pep rally and dinner, followed by a game and the victory dance. Our dance was such a hit that student government sponsored another one for Valentine's Day. A couple of weeks before Christmas, Mr. Rolf asked us to help him with an experiment. We kept track of our homework for two weeks and our teachers checked to see that our work had been done. At the end of the experiment, students who had completed the program were rewarded with breakfast and a certificate of completion.

N.J.R.O.T.C. "FREEDOM"

The ROTC unit has performed many patriotic functions this year. The emphasis, however, has been to help the community and also to help the cadets develop into responsible American citizens. Specific activities included the following: presenting the American flag at all home football and basketball games, marching the colors in the Homecoming, Railroad Days, and Memorial Day parades, and raising the colors and leading the Pledge of Allegiance daily at school.

The cadets collected and distributed over \$4000 worth of toys to 300 needy children within our community. The cadets served as escorts during Open House and provided an Honor Guard for the graduating class.

The field trip to Washington D.C. consisted of a Navy jet ride to the city, a visit with Congressman McEwen, and a day at the U.S. Naval Academy. Other events which highlighted the year for the cadets were a trip to the Air Force Museum, presentation of colors at a Bengal game, and the Military Ball.

The 1985 Panther football squad was a record setter. They were the first team in the school's history to win an outright F.A.V.C. title. In 1966 they were Co-Champs.

The Panthers won the most games in history, with a 9-1 record. Pre-

vious record was 7-3 (1971). And, for the first time ever LM had three consecutive winning seasons.

The club also found themselves ranked tenth in the city and sixth in the coaches polls.

The Little Miami Panthers began this year's season as the team picked to win the Fort Ancient Valley Conference. This accomplishment would have made them the first outright champions in the school's history. The Panthers not only achieved this goal, but accomplished many more.

"BIG GAMES"

The Panthers opened their 1985-86 season beating an out standing Goshen squad who finished the season with a 9-1 record, their only loss coming from the Panthers themselves.

Another important step in the Panther's efforts to win the championship was against the league rivals, Springboro Panthers. Our Panthers took an

early lead against the "Big Blue" which was to remain throughout the game. This enabled LM to defeat the Blue and White Panthers for the second year in a row.

The biggest game of the season was when the Mason Comets came to Panther territory, both teams looking to gain the F.A.V.C. title. The deflated Comets wore their helmets home in rejection.
